Rajalakshmi Engineering college, Chennai

2021 – 2024

B.E - Computer Science and Engineering - CGPA - 7.7

Chennai, Tamil Nadu

Panimalar Polytechnic College, Chennai

2019 – 2021

Diploma in Computer Science and Engineering - Percentage - 94%

Chennai, Tamil Nadu

EXPERIENCE

Intern at MindPLM

March 2024 - June 2024

Role - Front-End Developer

Thiruvallur, TamilNadu

- Developed dynamic user interfaces using React.js to enhance MindPLM's web applications.
- Integrated React components with backend APIs for seamless data flow.
- Actively pursued learning opportunities to stay updated with React.js advancements.
- created a responsive front-end using **React JS, HTML, Tailwind CSS**

PROJECTS

Helam Lights | [React](#), [JavaScript](#), [Tailwind Css](#), [Mysql](#)

- Developed an online shopping site for selling neon signs.
- Created a "Customize Your Neon Signs" page allowing users to select styles, colors, and sizes, with prices dynamically updating based on configurations.
- Designed and implemented the Home Page, Sign-in/Sign-up pages, Cart page and Wishlist page.
- Built a seamless shopping experience using React.js and integrated the site with a MySQL database.

Personal Portfolio Website [🔗](#) | [React](#), [Tailwind Css](#), [Netlify](#)

- Built a portfolio website to showcase abilities, projects, and work history with React.
- Integrated smooth navigation using React Router and optimized performance with code splitting and lazy loading.
- Ensured modularity and maintainability through React's component-based architecture.
- Deployed on Netlify for fast load times, seamless scalability, and optimized performance, with regular updates consistently reflecting recent accomplishments.

Hotel management and Booking platform | [Java](#), [Spring Boot](#), [Spring Security](#), [React](#), [MySQL](#)

- Built user-facing components like the Home Page, Login/Sign-Up Pages, and a Profile Page displaying user details and booking history.
- Designed and developed the Room Page with pagination, filters, and a Find My Booking feature using confirmation IDs to retrieve booking details.
- Developed an Admin Panel featuring "Manage Rooms" for adjusting room availability and "Manage Bookings" for viewing bookings.
- Integrated AWS S3 buckets for secure and scalable storage of room images.
- Ensured seamless communication between front-end and back-end systems for robust and user-friendly functionality.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, C.

Technologies/Frameworks: HTML5, CSS3, React, Javascript, Tailwind Css, Spring Boot.

Developer Tools: VS Code, IntelliJ, Canva, Figma, Git, Github.
